SUMMARY

I am a student who is interested in the world of web development and digital technology. I have a high spirit of learning and always strive to develop my skills through technological exploration and experience in working on various projects. Through the Internship Program, I want to gain real work experience, broaden my insights, and hone my professional abilities.

EXPERIENCE

2+ years

Web Development Enthusiast | 2024 – Sekarang

Mempelajari pengembangan website selama kurang lebih 2 tahun melalui pembelajaran di sekolah, eksplorasi mandiri, dan pengerjaan berbagai proyek pribadi.

Mengembangkan aplikasi web menggunakan HTML, CSS, JavaScript, PHP, dan MySQL.

Mendesain dan mengimplementasikan sistem CRUD serta mengelola database menggunakan XAMPP.

Aplikasi yang pernah dibuat :

- 87 Mart (2026)– Aplikasi POS & Order Online |React JS, Web API
